### New Business Possible

IN FORMER DAYS the idea of the way to bring about prosperity was for everybody to work a little harder. This gave people more purchasing power so they could buy more goods, and thus started idle factories humming.

The theory that has prevailed of late seems to have gone in the opposite direction. The working week was generally reduced, with the idea that this change would make it necessary to put on more help. This theory raised the labor cost of goods, and increased prices to the consumer. The gain made by putting more people to work was offset by the smaller amount the rest of the people could buy.

It would seem there still is merit in the idea of harder work to bring about prosperity. Jimmy's house, and you think the game is over, and It certainly applies in the function of selling goods. ### New Business Possible

IN FORMER DAYS the idea of the way to bring about prosperity was for everybody to work a little harder. This gave people more purchasing power so they could buy more goods, and thus started idle factories humming.

The theory that has prevailed of late seems to have gone in the opposite direction. working week was generally reduced, with the idea that this change would make it necessary to put on more help. This theory raised the labor cost of goods, and increased prices to the consumer. The gain made by putting more people to work was offset by the smaller amount the rest of the people could buy.

It would seem there still is merit in the idea of harder work to bring about prosperity. Jimmy's house, and you think the game is over, and It certainly applies in the function of selling goods. KEEP A LITTLE CARD AN ENCOURAGING high card by your partner on the first trick of your four-card suit, opened against a hostile No Trump contract, always should make you consider that he may have a holding longer than yours. If he has, you want to be sure not to prevent him from having the lead to cash his smallest cards, after the declarer's stoppers have been ham-mered out. The only sure way to be ready to place him in the lead is to retain one very small card, which he is certainly able to over-

Bad blading got South into a No Trump game on this deal, and only bad play by West enabled him to make it. North properly bid 1-Diamond, then South called 1-Spade, North 3-Diamonds, then South 3-No Trumps, with no heart stoppers, hoping North's jump bid

West led his heart K, East signaling with the 7. So West repeated the suit, sending the 3 to East's A. When the 5 came back, West took the Q and 10, but could not get East in for a fifth and setting trick. He switched then to a spade and the declarer ran game. Upon seeing East's heart 7, West should have led his Q, 10 and 3, to get the first five tricks.

Peculiarly, the bad bidders made a game not possible by better bidding, such as North 1-Dia-mond, South 2-Clubs, North 3-Clubs, South 3-Spades, North 4-Diamonds and South 5-Clubs. Since the diamonds wouldn't break, the declarer would have to lose two hearts and a spade at this correct rubber bridge contract.

What principle of play must

## **BE EXTRA CAREFUL NOW ABOUT COLDS! WHAT TO DO**

Keep out of crowds as much as possible. Get plenty of rest and sleep. Eat simple food. Drink plenty of water. Keep elimination regular. Don't take needless chances. Don't experiment with untried medications. And be sure to have these two time-tested home-approved treatments on hand, ready to use.

### How to Help PREVENT Colds Developing

At the first warning sneeze, sniffle, or irritated feeling in your nose-use Vicks VA-TRO-NOL. Just put a few drops up each nostril. Right away you can feel Va-tronol stimulating Nature's own cold-fighting defenses. It actually helps to keep many colds from developing-or to throw them off in the early stages.

Remember this too . . . for swift relief from the uffocating stuffiness and congestion of a head cold use Vicks Va-tro-nol.

### **How to RELIEVE Miseries of Developed Colds**

Massage throat, chest, and back with Vicks VAPORUB. Then spread a thick layer over chest and cover with warmed cloth. Immediately VapoRub starts to bring relief two direct ways: (1) Direct on the skin like an oldfashioned poultice or plaster; (2) at the same time, its medicated vapors are breathed in direct to irritated air passages. This poultice-and-vapor action loosens phlegm, relieves coughing, clears air passages, and eases muscular

### Lombardi Not To Suffer Because of Lapse in Series

### McKechnie Comes to His Defense and Lauds Big Catcher

Tampa, Fla., Feb. 11 (P)-Deacon Bill McKechnie, manager of the Cincinnati Reds, today knocked sky high any idea that punishment or reprisal might be meted out to Ernie Lombardi, Reds' catcher who took a nap at home plate in the

final game of the 1939 World Series. "It was a tough break," McKechnie said of the incident in which Lombardi was knocked down by Charlie Keller of the Yankees, and lay dazedly across the plate while Joe DiMaggio scored. "The razzing that Ernie took for that mishap was unjustified - too bad."

One game does not make or break a ball player, the sage of Wilkinsburg, Pa., continued. "After all, Lombardi played in 130 games for the championship last season and turned in a fine performance in the All-Star game. The Reds want Lombardi back. He wants to come back to Cincinnati, and my guess is that he well be right in there catching for at least 100

### McKechnie Comes to His Defense and Lauds Big Catcher

Tampa, Fla., Feb. 11 (49)-Deacon Bill McKechnie, manager of the Cincinnati Reds, today knocked sky high any idea that punishment or reprisal might be meted out to Ernie Lombardi, Reds' catcher who took a nap at home plate in the final game of the 1939 World Series.

"It was a tough break," McKech+ nie said of the incident in which Lombardi was knocked down by Charlie Keller of the Yankees, and lay dazedly across the plate while that Ernie took for that mishap

One game does not make break a ball player, the sage of Wilkinsburg, Pa., continued. all, Lombardi played in 130 games for the championship last season and turned in a fine performance in the All-Star game. **Nelson Ties Hogan** In Golf Tourney

By FELIX R. McKNIGHT

San Antonio, Texas, Feb. 11 (P)-Byron Nelson, the National Open Breaks Two All-Time Loop Champion, stormed in with gathering dusk today to tie Ben Hogan for first place in the \$5,000 Texas Open golf tournament with a 13under par 72-hole total of 271.

Silent Ben, White Plains, N. Y. professional, had finished 20 minutes earlier with his third 66 of the tournament to take a lead only Nelson thought wasn't safe. Word buzzed back through the

gallery of about 8,000 to Nelson that he needed a birdie on one of the last two holes to tie and he got it on the seventeenth.

### Glass Workers Receive Wage Boost

Clarksburg, W. Va., Feb. 11 (P)— The first shifts went back to work at increased pay today in the two Clarksburg glass plants which have been idle since January 31 during union negotiations for a new contract.

By tomorrow some 600 glassworkers will be back at their jobs, union officials said.

Six plants are affected by the contracts negotiated by the CIO Flat Glass Workers Union but only the Adamston Flat Glass and the Rolland Glass Company workers walked out. Union leaders said no strike was called.

Company officials withheld estimates of the total increase under the three cents an hour boost, plus adjustments, but unofficial sources said it would mean about \$50,000 annually for the Adamston and 17 Rolland plants,

### **Nelson Ties Hogan** In Golf Tourney

By FELIX R. McKNIGHT

San Antonio, Texas, Feb. 11 (A)-Byron Nelson, the National Open reaks Two All-Time Loop Champion, stormed in with gathering dusk today to tie Ben Hogan for first place in the \$5,000 Texas Open golf tournament with a 13under par 72-hole total of 271.

Silent Ben, White Plains, N. Y. professional, had finished 20 minutes earlier with his third 66 of the tournament to take a lead only Nelson thought wasn't safe.

Word buzzed back through the gallery of about 8,000 to Nelson that he needed a birdie on one of the last two holes to tie and he got it

Clarksburg, W. Va., Feb. 11 (A)-The first shifts went back to work at increased pay today in the two Clarksburg glass plants which have been idle since January 31 during union negotiations for a new contract.

By tomorrow some 600 glassworkers will be back at their jobs, union officials said.

Six plants are affected by the contracts negotiated by the CIO Flat Glass Workers Union but only the Adamston Flat Glass and the Rolland Glass Company workers walked out. Union leaders said no strike was called.

Company officials withheld estimates of the total increase under the three cents an hour boost, plus adjustments, but unofficial sources said it would mean about \$50,000 annually for the Adamston and Rolland plants.

### Celanese Worker Hangs Himself on Shriver Hill

### John R. Gannon Takes Iodine First: Motive Apparently III Health

A 35-year-old Celanese worker was found dead yesterday afternoon, hanging from a ten foot-high tree limb atop Shriver hill, at the end of Independence street. There were stains of lodine on his lips and an empty one-ounce bottle on the ground nearby.

John R. Gannon, a machinist's helper, of 314 Waverly Terrace, lett home in the morning to take his 13-year old son to Sunday school at the First Baptist church, and was unheard of until his body was found by Charles C. Windemuth, B & O machinist, of 446 Chestnut street, who was exercising his dogs on the wooded hill.

Dr. Linne H. Corson, deputy medical examiner, said he would issue a certificate of suicide.
